CONTENTS OF VOLUME XII.

No. XXIII.

I. MEDICO-CHIRURGICAL TRANSACTIONS.

Medico-Chirurgical Transactions, published by the Medical and Chirurgical Society of London, Volume 16th, part 1, pp. 234. London, 1830. 17

II. JURIDICAL EXHUMATIONS.

Traité des Exhumations Juridiques, et Considerations sur les Changements physiques que les Cadavres éprouvent en se pourrissant dans la terre, dans l'eau, dans les fosses d'aisance, et dans le fumier: Par M. Orfila, Professeur à la Faculté de Paris, Membre de plusieurs Sociétés savantes, nationales et étrangeres, et par M. O. Lesueur, Docteur en Médicine, agrégé près la Faculté de Médecine de Paris, &c. Ouvrage orné de cinq planches, dont quatre coloriées. Tome Ier. pp. 388. Tome IId. pp. 384. 8vo. Paris, 1831. 42

III. IRRITATION OF THE SPINAL MARROW.

A Treatise on Neuralgic Diseases, dependent upon Irritation of the Spinal Marrow and Ganglia of the Sympathetic Nerve. By Thomas Pridgin Teale, Member of the Royal College of Surgeons in London, of the Royal Medical Society of Edinburgh, Senior Surgeon to the Leeds Public Dispensary, &c. London, 1829. pp. 120.

Observations on the Disorders of Females, connected with Uterine Irritation. By Thomas Addison, M.D., Assistant Physician to Guy's Hospital, &c. &c. 8vo. 1830. 75

IV. ANATOMY OF THE GROIN.

Drawings of the Anatomy of the Groin; with Anatomical Remarks. By Wm. Darrach, M.D. Philad., 1830. Fol. pp. 28. 91

352052

V. HOSPITAL REPORTS.

The Dublin Hospital Reports and Communications in Medicine and Surgery. Vol. 5th. Dublin, 1830. 100

VI. DISEASES OF THE CHEST.

Clinique Médicale, ou Choix d'Observations recueillies à l'Hôpital de la Charité (Clinique de M. Lerminier,) par G. Andral, &c.

Clinical Reports, or Selected Cases, drawn from the practice of M. Lerminier, in the Hospital of la Charité, by G. Andral, &c. . . 135

VII. SOUTHWOOD SMITH ON FEVER.

A Treatise on Fever. By Southwood Smith, M.D., Physician to the London Fever Hospital. London printed, 1829. Philadelphia, re-printed, Carey and Lea, 1830. pp. 448. 145

VIII. COMBE ON MENTAL DERANGEMENT.

Observations on Mental Derangement: being an Application of the principles of Phrenology to the elucidation of the causes, symptoms, nature, and treatment of Insanity. By Andrew Combe, M.D. Edinburgh and London, 1831. 171

IX. CRUVEILHIER'S PATHOLOGICAL ANATOMY.

Anatomie Pathologique du Corps Humain, ou Descriptions, avec figures lithographiées et coloriées, des diverses alterations morbides dont le Corps Humain est susceptible. Par J. Cruveilhier, Prcfesseur d'Anatomie, &c. &c.

Pathological Anatomy of the Human Body; or Descriptions, with coloured Lithographic Plates, of the different morbid alterations of which the Human Body is susceptible. By J. Cruveilhier, Professor of Anatomy to the Faculty of Medicine of Paris, physician to the Maison Royale de Santé, Knight of the Legion of Honour, Member of the Royal Academy of Medicine, perpetual President of the Anatomical Society, &c. Livraisons 1 . . . 9. Paris, 1830, 1831. . . 210

QUARTERLY SUMMARY OF MEDICAL INTELLIGENCE.

I. ANATOMY.—1. Hermaphrodism. 2. Newly discovered Muscles of the Penis. 224

II. PHYSIOLOGY.—3. Dr Apjohn on Expired Air. 4. The placental Bruit de Soufflet. 226

III. Pathology.—5. Acute and Chronic Œsophagitis. 6. Neuralgia of the Face disappearing on the spontaneous occurrence of Ptyalism. 7. Condition of the Liver in many cases of Icterus. 8. Pathological Appearances presented in the bodies of the Insane dead. 9. General Emphysema caused by Inflammable Gas. 10. Abscess of the Spleen and of the Brain. 11. Cancer of the Brain. 12. Causes of Death in Membranous Inflammations. 13. Phthisis Pulmonalis—Softening of the Brain—Calculi in the Vesiculæ Seminales. 14. Pneumonia. 15. Symptoms of Asthma, of an Organic Affection of the Heart, and of extensive Disease of the Stomach, &c. from Compression of the eighth pair of Nerves by Encephaloid Tumours. 16. Vaccination. 17. Prevention of Cholera. 230

IV. Therapeutics.—18. Antiphlogistic treatment of Cutaneous Diseases. 19. Treatment of Hemiplegia. 20. Ol. Terebinth. in Tetanus. 21. Acupuncturation. 22. Extract from a letter communicated by Dr T. Harris, dated Washington, April 6th 1831. 23. Treatment of Lock-jaw of Infants. 24. Treatment of Peritonitis. 25. Epilepsy cured by antiphlogistics. 26. Treatment of Rheumatism. 27. Hydrocyanic Acid in the Cure of Vomiting. 28. New practice in Acute and Chronic Rheumatism. 29. Extract of Belladonna and Buchu Leaves in Spasmodic Strictures of the Urethra. 30. Extract of Gratiola Hedge Hyssop) in Delirium Tremens. 31. Treatment of Lepra. 240

V. Medical Jurisprudence.—32. Transportation into France of the bodies of persons who have died in the Colonies of Yellow Fever, or other Diseases. 33. Can a Woman be pregnant without knowing it? 34. Effects of Mouldy Bread on the Animal Economy. 248

VI. Materia Medica and Pharmacy.—35. Sialagogue action of Calomel promoted by Acids. 36. Active principle of Elaterium. 37. New Crystalline Substance obtained from Columbo—Columbine. 38. Salicine not rendered alkaline by the Acids—its conversion into a peculiar colouring matter. 39. Remedial effects of the root of Artemisa Vulgaris or Mugwort. 252

VII. Surgery.—40. Extract from a letter just received by one of the Editors, from Dr Alban G. Smith, of Danville, Kentucky; giving an account of a case in which the operation of Lithotrity was successfully performed. 41. Excision of the Joints. 42. Partial Amputation of the Foot. 43. Foreign bodies in the Trachea and Bronchi;—Tracheotomy. 44. Paracentesis Thoracis for Empyema. 45. Perforation of the third lobe of the Prostate Gland. 46. Burns and Scalds treated by Nitrate of Silver. 47. Apparatus for Fractures of the Os Femoris. 256

VIII. MIDWIFERY.—48. History of a case of Inversion of the Womb successfully treated. 261

IX. CHEMISTRY.—49. Action of Chlorine on Bile. Vanadium, a newly discovered Metal. 50. Indian Corn as Aliment. 51. Sulphate of Copper in Bread. 52. Gold and Silver of the Uralian Mountains. . 264

MISCELLANEOUS.

Dispensatory of the United States. 268

No. XXIV.

X. PHYSIOLOGY OF THE FŒTUS, LIVER AND SPLEEN.

The Physiology of the Fœtus, Liver and Spleen. By George Calvert Holland, M.D. &c. &c. London, 1831. - - - 269

XI. DELIRIUM TREMENS.

A Practical Essay on Delirium Tremens. By Andrew Blake, M.D. Member of the Royal College of Surgeons, and Surgeon to his Majesty's Seventh Regiment of Dragoon Guards. London, 1830. - - - - - - - - - - - 287

XII. BELL ON BATHS AND MINERAL WATERS.

On Baths and Mineral Waters. In two parts. Part I. A full account of the hygienic and curative powers of cold, tepid, warm, hot, and vapour baths, and of sea bathing. Part II. A history of the chemical composition and medicinal properties of the chief Mineral Springs of the United States and Europe. By John Bell, M.D., 1831. - - - - - - - - - 302

XIII. THACKRAH ON THE EFFECTS OF ARTS, TRADES, &c. ON HEALTH AND LONGEVITY.

The Effects of the Principal Arts, Trades, and Professions, and of Civic States and Habits of Living, on Health and Longevity, with a particular reference to the Trades and Manufactures of Leeds; and Suggestions for the removal of many of the Agents which produce disease and shorten the duration of life. By C. Turner Thackrah, 1831. - - - - - - - - 344

XIV. MANUAL OF MATERIA MEDICA AND PHARMACY.

A Manual of Materia Medica and Pharmacy, comprising a con-

cise description of the articles used in Medicine, with observations on the proper mode of combining and administering them; also, the Formulæ for the Officinal Preparations of the London, Edinburgh, Dublin, Parisian, American, and most of the continental Pharmacopœiæ: together with a table of the principal medicinal plants. From the French of H. M. Edwards, M. D. and P. Vavasseur, M.D. Corrected and adapted to British Practice by John Davies, M.R.C.S., Surgeon of the Herts Militia, late editor of the London Medical and Surgical Journal, &c. London, 1831. - - - - - - - - - - - - 357

XV. ON THE UNITY OF THE HUMAN RACE.

Thoughts on the Original Unity of the Human Race. By Charles Caldwell, M.D. New York, 1830. - - - - 363

XVI. THE EPIDEMIC CHOLERA.

Die asiatische Cholera in Russland in den Jahren 1829 und 1830. Nach russischen amtlichen Quellen bearbeitet, von J. R. Lichtensædt, Doctor und Professor.

Uber die Cholera, die im letzten Herbste und Winter in und um Orenburg herrschte, von Dr Rang, Russisch-Kaiserl-Staatsrath und Ritter, mitglied der medicinal-Behörde in Tambow.

History of the Epidemic Spasmodic Cholera of Russia, including a copious account of the disease which has prevailed in India, and which has travelled under that name from Asia into Europe. Illustrated by numerous official and other documents explanatory of the nature, treatment, and prevention of the malady. By Bisset Hawkins, M.D., Fellow of the Royal College of Physicians, Professor of Materia Medica and Therapeutics in King's College, and Physician to the Wesminster General Dispensary. 391

XVII. MEDICATED INHALATIONS IN CONSUMPTION.

A Dissertation on the Influence of Heat and Humidity, with Practical Observations on the Inhalation of Iodine and Various Vapours in Consumption, Catarrh, Croup, Asthma, and other Diseases. By James Murray, M.D. Member of the Royal College of Surgeons, and Extraordinary Member of the Royal Physical Society of Edinburgh. London, 1829 : with an Appendix.

Cases Illustrative of the Efficacy of Various Medicines administered by Inhalation in Pulmonary Consumption, in certain morbid states of the Trachea and Bronchial Tubes, attended with distressing cough, and in Asthma. By Sir Charles Scudamore, M.D., F.R.S. &c. London, 1830.

Two Memoirs read before L'Academie Royale des Sciences, at Paris, on the successful Inhalation of Diluted Chlorine in the early stages of Consumption, as a remedy capable of prolonging life, and of alleviating the distressing symptoms in the more ad-

vanced stages of that complaint: With cases illustrating the method of administering the gas, and showing its beneficial effects. Translated from the French of M. Ganal, by W. T. C. Potter, M.R.I. Operative Chemist. London, 1830.

On Baths and Mineral Waters. By John Bell, M.D. &c. Chapter VIII. Vapour Baths. - - - - - - - - 420

QUARTERLY SUMMARY OF MEDICAL INTELLIGENCE.

I. Anatomy.—1. Total absence of the Iris. 2. A case of Imperfect Brain. - - - - - - - - - - - - 446

II. Physiology.—3. On the Circumstances which affect the frequency of the Pulse in Health. 4. Effects of certain substances when applied to the Brain. - - - - - - 447

III. Pathology.—5. Diseases of the Heart. 6. Hemicrania. 7. Encephaloid Degeneration of an Entire Hemisphere of the Brain. 8. Hysteria. 9. Mastodynia. 10. Insidious form of Puerperal Fever. 11. General Inflammation of the Arteries. 12. Plica affecting the hair on the Pubes. 13. Pleuro-pneumonia not evinced by stethoscopic signs, but which was detected by mediate percussion. - - - - - - - - - 448

IV. Therapeutics.—14. Case of Neuralgia of the Bowels. Case of Neuralgia of the Arm and Mammæ; by Aug. H. Clark, M.D. 15. Case of successful treatment of Snake-bite by cupping-glasses. 16. Observations concerning the Bark of the Root of the Pomegranate Tree, as a remedy against the Tape Worm; by Richard Pearson, M.D. 17. Inflation for Colic. 18. Treatment of Hysteria. 19. Phthisis cured by living on Raw Turtle. 20. Treatment of Croup. 21. Iodine in Cutaneous Diseases. 22. Colchicum in Cholera. 23. On the treatment of Gout. 24. A case of Tetanus successfuly treated by the application of the Caustic Vegetable Alkali to the spine. Also, three cases of Cholera in which applications to the spine were successful; and a fourth case of abdominal irritation relieved by similar means. By L. P. Gebhard, M.D. of Philadelphia. 25. Use of Gold in Cases of Syphilis. - - - - - - - - - - - - 455

V. Medical Jurisprudence.—26. Medico-Legal Examination of two Cases of sudden Death from Wounds. 27. Monomania—Phrenology. - - - - - - - - - - - - 471

VI. Materia Medica and Pharmacy.—28. Iodide of Lead in Scrofulous Swellings. 29. Nux Vomica. 30. Effects of various Medicines upon the System in Health. - - - - 476

VII. Surgery.—31. Arterial Varices. 32. Laryngotomy successfully performed during the existence of Goitre. 33. Cæsarean Operation. 34. Section of the Sciatic Nerve. 35. The high operation for the Stone. 36. Diffused false Aneurism. 37. Traumatic Erysipelas. 38. Traumatic tetanus. 39. High operation. 40. Lithotomy in the female. 41. Removal of a tumour, fifty-six pounds in weight. 42. Lithotrity. 43. Excision of a Portion of the Rectum. 44. Empyema. Paracentesis Thoracis. 479

VIII. Midwifery.—45. Relation of a case of labour in a female with deformed pelvis. By George Fox, M.D., of Philadelphia. 46. Diagnosis of Twins. 47. Partial inversion of the uterus. 48. Prolapsus and rupture of the uterus during labour. 49. Cesarean operation. - - - - - - - - - 484

IX. Chemistry —50. Solid Perchloric Acid. 51. Iodide of Lead. 52. New Process for preparing Medicinal Prussic Acid. - 492

MISCELLANEOUS.

State of Medicine in Spain. Diseases of Spain. Comparative View of the Population of the City and County of Philadelphia. University of Pennsylvania. Philadelphia Medical Institute. Philadelphia Association for Medical Instruction. Gregory's Practice of Physic: new edition. - - - - - - 493
